

Dear Bartlett Electric Members

Your Bartlett Electric Cooperative is a not-for profit, member-owned organization working hard to hold down costs while providing the technology, security, equipment, and reliable quality service you expect.

Bartlett Electric is proud of the fact that the last rate adjustment was in 2008 – almost 10 years ago. However, to continue to provide the reliable quality service, a rate adjustment is needed beginning in June, 2017.

For a typical residential service using 1,500 kWh per month, this amounts to a 2.7% increase.

If you have additional questions, please feel free to call or stop by our office. A public meeting will be held at 1pm on June 15th at Bartlett Electric Cooperative located at 27492 Highway 95, Bartlett, TX 76511.
